What our sponsors have to say....

"Being a part of these projects has put us in touch with a network of incredible local volunteers who work tirelessly to make our community as vibrant and successful as it can possibly be – they really are the backbone of our community."

"This is our second year supporting the awards, we do this to ensure a platform is there for all services to nominate their amazing volunteers. To celebrate the wonderful work, they all do. All winners in our eyes"

"Every individual who volunteers helps to improve the services that are available to our communities and in a time of austerity and increasing cuts it is so important to recognise and appreciate the difference our volunteers are making"

"The Community Volunteer Awards to reward and recognise the huge impact that volunteers in our borough have on their community. The Awards also serve as a great opportunity to showcase the fantastic work of our local voluntary Sector"

"The Community Volunteer Awards are a great way to support the community, thank our volunteers and all the other wonderful volunteers in Blackburn with Darwen for the amazing "work they do."

"We were thrilled to have the opportunity to support the awards. As a local, Blackburn based business, it's great for us to hear about the excellent work going on locally, and we felt this year of all years we knew it was so important to celebrate volunteers "

"We support these awards as we have seen first-hand the commendable work carried out across the Community and these groups/individuals deserve to be recognised. We will look to support them in any way we can."

"We are pleased to support the Community Volunteer Awards as they are one, very visible, way to say thank you to everyone who gives up their time to volunteer in Blackburn with Darwen.

"I believe it's important to support any initiatives that both recognises the exceptional contribution volunteers make, and to inspire others to take up volunteering themselves"

"The borough is fortunate to have so many wonderful people who contribute in so many different ways and it is right that this is celebrated".
